

# Adam Alexander

## Front-End Web Developer

botch53@gmail.com • botchthecrab.com • 718-757-6313

### SUMMARY

I view front-end web development the same as music composition: mixing craft and inspiration to convey an experience that is appealing and effective.

I'm a strong advocate for the user experience and efficient coding practices.

### SKILLS

*Fluent in ...*

Semantic HTML/HTML5

JavaScript / jQuery / AngularJS 1.5

CSS/Sass

Photoshop

User Interface/Experience Design

Jasmine / Karma

*Experience with ...*

Bootstrap

SQL

ASP/VBScript

PHP

Visual Studio

JSP

### INTERESTS

Music (from Slayer to George Michael), Transformers, theism/atheism, comic books

### EXPERIENCE

**Aerohive Networks** 1/2017 - present

Staff Engineer, Front End Developer

Maintenance and feature development for HiveManager NG (networking management portal).

Refactoring of legacy CSS into modularized SASS.

**SureID, Inc.** 3/2016 - 12/2016

Software Developer

Built and maintained management portals integral to the company's credentialing business.

Implemented unit-testing for all Angular components.

**CollegeNET, Inc.** 11/2007 - 3/2016

Sr. Software Developer

Designed and developed 25Live, a collegiate scheduling application, and corresponding administration sites.

Built a fully responsive version of 25Live in Angular.

Notable interfaces included multi-week location availability grids, resource utilization graphs, and scheduling wizards.

**Oddcast, Inc.** 8/2005 - 5/2007

Front-End Web Developer

Fully recoded SitePal.com and Oddcast.com, improving load time by 50%.

Built JavaScript-driven Flash embed code wizard.

**Nike, Inc.** 8/2007 - 10/2007 (contract)

**Lockwood Advisors, Inc.** 8/2005 (contract)

**Futurological Strategies** 3/2005 - 6/2005 (contract)

**Tutor.com** 1/2005 - 3/2005 (contract)

**Cablevision Systems Corp.** 1/2000 - 12/2004
